Bachelor of Science in **ORGANIZATIONAL LEADERSHIP**

ABOUT THE PROGRAM

The Bachelor of Science in Organizational Leadership (BSOL) program is designed for working professionals who want to develop the skills needed to take on leadership roles within their organizations. The innovative curriculum adopts a unique view of leadership as stewardship—understanding how diversity, sustainability, social and financial responsibility, and the organization’s footprint impact society. By applying work and life experiences to the curriculum, students engage in a meaningful and relevant program.

Highlights

- Ability to earn credit for professional experience via Prior Learning Assessment (PLA)
- Apply behavioral science research as a problem-solving tool for planning organizational change
- Learn and experientially understand what it is like to take on management responsibilities
- Identify the most effective systematic decision making strategy for the student’s organization
