

Bachelor of Science in DIGITAL MARKETING

ABOUT THE PROGRAM

The Bachelor of Science in Digital Marketing (BSDM) degree program prepares business professionals to leverage the latest digital tools and technologies to target consumer audiences and create brand loyalty while promoting products and services to consumers. Students learn to use tools and technologies that will prepare them to solve real-world problems, including harvesting customer data through analytic reports, analyzing the buyer's journey, understanding and tracking consumer behaviors, identifying expectations of consumers and creating digital touchpoints, identifying underperforming content leading to wrong keywords, and optimizing the marketing investment and the impact on company goals.

CAREER OPPORTUNITIES

A variety of marketing-related professions, including: advertising account executive, brand manager, digital content manager, market researcher, and marketing account executive.

Highlights

- Learn the latest tools and technologies in digital marketing
- Utilize analytic reports and tracking tools of customer behavior
- Learn to create digital touchpoints and optimize the buyer's journey
- Increase customer engagement through digital marketing strategies
